

MARK JOSHUA A. ARAGONES

Full Stack Developer | Application Developer

F. Llamas Street, Tisa, Cebu City, Philippines | +63 994 715 7361 | aragones.markj25425@gmail.com | [linkedin.com/in/mark-joshua-aragones-aa07a823b](https://www.linkedin.com/in/mark-joshua-aragones-aa07a823b)

PROFESSIONAL SUMMARY

Full-stack developer with 3+ years of experience leading and delivering enterprise business applications across the front end and back end. Skilled in C#/.NET (ASP.NET MVC, ASP.NET Core, Blazor, Web API), JavaScript, WordPress, and SQL-based databases (MSSQL, MySQL, Oracle SQL). Proven track record as a lead developer on Finance, Service, and Field Sales monitoring systems, integrating Oracle Fusion, OpenAI/ChatGPT, Azure AD, and other RESTful APIs into production applications. Skilled at translating client requirements and wireframes into functional, user-friendly solutions and collaborating with QA teams, designers, and stakeholders to deliver reliable, high-quality software. Recognized as a Consistent Top Performer for front-end development excellence.

CORE SKILLS

- **.NET Stack:** C#, ASP.NET MVC, ASP.NET Core, Blazor Web App, Web API, Web Forms, Windows Forms
- **Architecture & Practices:** Microservices Architecture, RESTful API Design, N-Tier / MVC Architecture, Agile Methodology (Scrum/Kanban), Azure DevOps, CI/CD Pipelines
- **Languages:** Java, C, JavaScript, HTML5, CSS3
- **Databases:** MSSQL, MySQL, Oracle SQL, PHPMyAdmin
- **CMS & Web Tools:** WordPress (Divi Builder, Elementor), Responsive & Mobile-First Web Design
- **Other:** OpenAI/ChatGPT API Integration, Oracle Fusion Integration, Azure Active Directory (Azure AD), GitHub Copilot, Web Application Development, Database Design, Cross-Functional Collaboration, Technical Leadership

PROFESSIONAL EXPERIENCE

VSTECs — Application Developer

Sep 2023 – Present

- Served as Lead Developer for the Finance, Service, and Field Sales Representative Monitoring systems, owning solution design, development, and delivery from requirements through deployment.
- Led the integration of Oracle Fusion into the company's Finance Forms system, migrating core finance processes — including credit memos and journal entries — from Oracle E-Business Suite (EBS) to Oracle Fusion.
- Integrated OpenAI/ChatGPT APIs into application workflows to automate tasks and enhance user experience, and used GitHub Copilot to accelerate development.
- Implemented Azure Active Directory (Azure AD) integration for secure authentication and identity management across applications.
- Integrated a range of RESTful APIs to extend application functionality and enable seamless data exchange between internal and third-party systems.
- Designed, built, tested, and maintained web applications that meet user requirements and business needs, supporting the full software development lifecycle.
- Collaborated cross-functionally with QA teams and other stakeholders to ensure a positive user experience and consistent software quality.
- Wrote clean, maintainable code and conducted rigorous testing to ensure application functionality, performance, and reliability.
- Applied a solid foundation in C# (ASP.NET MVC, ASP.NET Core, Blazor, Web API, Windows Forms) and SQL Server/MySQL/Oracle SQL to deliver robust application solutions.

Proweaver — Front-End Web Developer

Jun 2022 – Aug 2023

- Designed and developed customizable, responsive websites using HTML5, CSS3, JavaScript, and WordPress (Divi Builder, Elementor).
- Built and maintained back-end functionality using PHP and MySQL to support dynamic website features.
- Converted comprehensive design layouts and wireframes into fully functioning, user-friendly web pages, interpreting and implementing client instructions.

- Established and guided website architecture to ensure responsive, mobile-first, user-friendly design across projects.
- Collaborated with designers, stakeholders, and fellow developers to deliver robust, client-ready web solutions.
- Maintained website security and performance through regular updates and improvements.
- Recognized as Consistent Top Performer of the Month for front-end development excellence.

EDUCATION

Bachelor of Information and Communication Technology (BSIT)

Cebu Technological University – Main Campus, Cebu City, Philippines | Aug 2018 – Aug 2022
